

## PRESS RELEASE

# ColliCare Logistics enters the UK market

Gdynia, September 2023

ColliCare Logistics is a Norwegian logistics company that have been operating in Poland since the beginning of last year. In September they have established their own sales- and operations office in Erith, London and are now present in 13 countries in Europe and Asia.

The opening of a new branch in the UK is of particular importance for Polish customers exporting and importing loads to/from the UK. ColliCare has one of the market's best services between Poland and the UK. They can offer high-class transport by both sea and road between the countries, all adjusted to what the customer needs, including customs clearance.

ColliCare services in the UK will also focus on international freight by sea, air and road to/from Scandinavia, Turkey, the Baltic States, Benelux and Asia. Local services: customs, warehousing and distribution will be in the portfolio.

A new team is in place in the UK to take care of new and existing businesses. Cem Turkdonmez has extensive experience in international logistics, and will be the Managing Director for ColliCare in the UK.

As a challenger in the market, competing with the major players, ColliCare will focus on a high level of quality and service. ***The vision is to improve customers' competitiveness through innovative and integrated logistics services of high quality and flexibility.***

**Cem Turkdonmez, Managing Director UK:** *We already have customers and partners in the UK, and are now looking forward to developing this business further. There is great potential within the ColliCare Group and Poland is very important partner for us.*

*By combining our forces in Poland and the UK, as well as with the rest of the Group, we build competitive logistics solutions.*

**Piotr Kaleńczuk, General Manager Poland:** *Time goes fast. At the beginning of 2022, we opened ColliCare office in Gdynia, now it's time for the UK.*

*I am very happy about this because we export and import significant quantities of goods to and from the UK for our polish clients. Now the presence of our colleagues in the UK will certainly have a positive impact on the quality of our services.*

ColliCare is focused on the total supply chain and has 16 years of experience in delivering smarter logistics solutions. Through their presence in 13 countries in Europe and Asia, the company has already succeeded in standing out by developing more sustainable logistics solutions for their customers – choosing the greener option.

#### Ecovadis – for sustainability

ColliCare was awarded the EcoVadis gold medal for sustainable development in both 2021 and 2022 and has committed to set a science-based target, through the Science Based Target Initiative.

ColliCare is a privately owned Norwegian logistics company with a focus on the total supply chain, from manufacturer to end-user. Since 2022 it has also been operating in Gdynia, Poland, offering mainly competitive short-sea solutions, road transport and imports from Asia.
